Communication Skills for Engineers II — Communication

UNIT 4 · Workplace Communication, Ethics & Teamwork

What this unit is about

This unit builds understanding of **Workplace Communication, Ethics & Teamwork**. These notes are designed for quick learning and exam revision: learn the meaning, understand the working, practise an example, and finish with comparisons and key terms.

Syllabus coverage checklist

1. Workplace culture, values, norms and organisational behaviour

2. Cultural diversity, inclusion and respectful communication

3. Verbal, non-verbal and written interpersonal communication

4. Team roles, collaboration, feedback and active listening

5. Workplace ethics: honesty, confidentiality, respect and accountability

6. Business etiquette in meetings, messaging and professional conduct

7. Conflict resolution: identify issue, listen, agree actions and follow up

8. Relationship building and professional trust

How to study: Read each topic once for meaning, underline definitions and formulas, reproduce diagrams/steps without looking, then answer the revision questions on Page 5.

Exam answer pattern

For a 5-mark answer: (1) definition, (2) labelled diagram or formula, (3) working/components in steps, (4) example/application, and (5) one advantage, limitation or comparison.

UNIT 4 NOTES · PART 1
